Japanese expertise aboard our railways

West Midlands Trains, owned by the East Japan Railway Company, Mitsui & Co., Ltd. and Abellio, have been operating the West Midlands rail franchise since December 2017. At these difficult times with the COVID-19 situation, we have stepped up our cleaning onboard and at stations, using the latest antiviral equipment and techniques so that the passengers can travel with confidence. We're fully dedicated to build the railway back better.

Telehouse

plays a significant role as
a major UK internet hub

Telehouse International Corporation of Europe, a subsidiary of KDDI, has pioneered purpose-built carrier neutral data centres since 1990. The Telehouse London Docklands campus is Europe's most connected data centre campus, hosting around 800 connectivity partners such as mobile, network, cloud, and financial service providers. Telehouse recently announced its further expansion in London, with the addition of a new data centre building, TELEHOUSE South, opening in early 2022.
